

# SEWA YATRA

## “NAR SEWA NARAYANA SEWA”

### Serving Humanity is Serving the Divine

*Sewa International works tirelessly to improve the lives of thousands of people in India on a daily basis. Wondering ... how exactly!?*

*Here's a wonderful opportunity to visit several service projects supported by Sewa in India. SEWA Yatra provides a unique experience not only to see all the work our organization is doing, but to share the joy of giving.*

- Witness the excellent work done by our volunteers in Mumbai, Pune, Bangalore, Delhi and several other locations.
- Visit anytime of the year and spend a day for a gratifying experience.
- Want to spend more time ? You can volunteer and contribute.
- Check out the inspiring stories from past visitors at our facebook page

**Take the opportunity to witness what you could accomplish during your next trip to India to make a difference.**

## Some inspirations ...

*"I visited 2 sewa projects in Bhagyanagar (Telangana) during my visit in January 2016. It took total less than one day but perhaps that became the highlight and most memorable experience of the whole trip..... Great team of Karyakarta who are serving there with passion and kindness every day"*

*"During my recent visit to India, I got an opportunity to visit a Street Children's Project in Delhi. It was a humbling experience to see the kids from slum areas to struggle to get education and skills that they could use for earning their livelihood. I got a chance to speak to a few girls during my visit. One of them expressed her ambition to become a doctor. It left me wondering what could I do help her achieve her dreams. There's still so much we can do to help these young children to get higher education."*

*"Last Saturday evening with my family, I visited three SEWA Kiran projects in Veerabhadranagar and HSP office in Bangalore . It was a humble experience to see how kids are studying in slum areas. Thanks to Jayanthi ji and Aravind ji for showing us these projects. It needs courage and dedication to take up these projects running on regular basis."*
